This Week's Speaker

George Granade, District Governor

Join us this Friday to welcome George Granade, our District Governor. You can join live at Le Meridien or online via Zoom at <https://us02web.zoom.us/j/89796844807>

George began his Rotary journey in August 2003 with the Rotary Club of Griffin. As a member of that club, he served as president for the Rotary year 2012-2013. [more]

Dunwoody Nature Forest Restoration Update 10/22

Now that we are almost complete with our invasive removal, we will begin over the next few months (once it rains!) to plant natives to allow them to grow for next spring. Nature hates a vacuum and we plan plant invasive **natives** to out compete the nasties. The common blue violet will be planted on the lower hillside near the fallen trees to crowd out the Japanese stiltgrass. Next spring we should have a patch of these, and with any luck we will attract one of Georgia's native butterflies, the great spangled fritillary as the violet is its only source of food.

Join us the second Saturday of each month at the DNC to help us restore the forest, learn a little more about Georgia native plants, and get some great exercise. Plus learn how to attract butterflies to your yard!

Whiskey Raffle Update

Hello all, If we are going to raise any funds from our current whiskey raffle, we need your engagement now. We have sold only 33 of 150 tickets for the upcoming October 20th Drawing. Most of these tickets were purchased by our own members so we need to spread the word using the QR cards to other people you may know such as family, friends, business acquaintances, etc. You can leave these behind at any Dunwoody restaurant or pubs you may visit with the proprietor's permission. We have some at Porter's Brew & Que, E.48th Street Market, The Dunwoody Tavern, Mail Center, Etc., Dunwoody Country Club and Orchard Park Cleaners so far. The biggest problem we face in fund-raising after a successful year is complacency and the feeling that these are automatically successful. They are not. Success comes from your engagement, involvement and support. Please help us! Our first raffle of 2022 features two bottles of bourbon from distilleries local to Atlanta.

The first is ShortBarrel Toasted 101, a small batch Kentucky Bourbon aged a few long Kentucky summers, re-barreled in new traditional medium toasted barrels for a minimum of 21 days. The result - is a pleasantly balanced toasted bourbon with just the right amount of vanilla, candy and sweet oak flavor. Bottled at 101 proof this bourbon will surely become a staple on any bar.

The second is from the Distillery of Modern Art, a very new distillery. The bottle is a corn whiskey that is being distilled at the present time. We can't say for certain that the bottle will be ready at the time of the drawing, but if it isn't, a gift certificate will be provided for later pickup.

Georgia Dept. of Transportation Update

Starting as early as October 8th, the Georgia Department of Transportation will begin 24/7 closure of two lanes on eastbound I-285 between Roswell Road and Ashford Dunwoody. This will be followed two weeks later by the closure of two more lanes on westbound I-285 in the same section. Those lanes will stay closed for roughly eight months in order to allow workers to complete the replacement of aging bridge sections of I-285. Learn more [here](#).

We expect challenges in navigating the area, particularly during the early stages of the closures. We encourage those passing through or near the I-285 top end corridor to check travel times in advance and plan ahead. Our partners at Perimeter Connects also have a handy resource highlighting when I-285 is at its busiest throughout the week, and when the best times to get around are.

For more project and construction updates, visit the GDOT project page [here](#).

If you have questions or concerns about the project, you can contact the GDOT project team at transform285400@dot.ga.gov.
