RFHA and Polio

RFHA Receives Funding Support to Boost Polio Eradication Efforts

The Rotary Action Group for Family Health and AIDS Prevention (RFHA) is honored to announce the award from the Bill & Melinda Gates Foundation for a two-year pilot program in the amount of $3 million. This will support the roll out of the Rotary Family Health Day Program in a number of countries and will include messaging, advocacy, education and surveillance on Polio as part of our integrated Disease Prevention program at Community level. The focus will be to integrate Polio specific activities and vaccination into the Rotary Family Health Days, and to support expanding the programs into countries where these have not been held previously.

Editor's Note: This is particularly special to the Rotary Club of Dunwoody because of our own Marion Bunch, who started the Rotary Fellowship for Fighting AIDS (RFFA) that has become RFHA and led its efforts for many years to provide healthcare prevention and treatment services around the world.
